

M&A Intern Job Description

About the Firm

Banca Transilvania Capital Partners is the investment division of Banca Transilvania, formed by the acquisition of former CAPITAL PARTNERS, Romania's leading independent investment banking adviser, and BT Securities, the capital markets branch of the bank. BT Capital Partners offers a full range of specialized financial services, from capital markets services, to advisory for mergers, acquisitions or sector consolidations, corporate finance and strategic management.

Why join us:

- Immediate M&A deal flow to maximize execution experience;
- You will work within a dynamic and motivating team learning from ones of the best professionals in the Financial Sector in Romania;
- You will experience all the stages of deal-making from various industries and have strong exposure to deals and clients ;
- You will access great professional development opportunities;
- You will be exposed to a large spectrum of industries and to various stages of the M&A process.
- You will be tasked with supporting senior M&A bankers in executing transactions alongside other bankers;
- You will support industry-focused bankers who originate and execute all sorts of deals for their clients, including M&A , MBOs, LBOs and capital raising;
- Start working immediately on active mandates, industry research and pitch requests.

About this position:

The firm is looking for a bright, motivated young professional with an entrepreneurial spirit and passionate about the financial industry to join our M&A team starting with Sept 2016/ October 2016. You will work alongside experienced industry leaders and be provided guidance and mentorship within a team based environment.

The position is open to candidates for the Bucharest office of the company and may entail a subsequent job offer as Junior Financial Analyst, depending on candidate performance, company needs and market conditions.

Duties and Responsibilities:

- Gathering and synthesizing financial and operating information about companies and industries;
- Gathering market data to analyze trends and help value and price transactions;
- Drafting presentations and other documents for a wider audience within the Firm and the financial services industry;

- Preparing precedent transactions and comparable company analysis;
- Preparing pitch books.

Qualifications, Skills, and Requirements

- You graduated or you are presently enrolled in a undergraduate or postgraduate program Finance, Business Administration or Accounting (preferably);
- You have strong analytical and numerical skills that put you at ease with financial data;
- You are a proven team player with the ability to manage a wide range of responsibilities;
- You are results-driven and perform well under pressure and against tight deadlines;
- You articulate complex ideas simply and summarize them effectively; ability to communicate effectively in multiple languages is an advantage;
- You possess superior computer skills (Word, Excel, Outlook, PowerPoint, Desk Research, etc.);
- You have an excellent level command in English;
- You are committed to excellence in your work and maintain high professional and ethical standards.

Note:

The internship is not remunerated. A full time position will be provided pending performance assessment.

Application deadline: 1 Dec. 2016
